

ATTACHMENT IX  
Exhibit 340

- 340-1740. Letter from Jay C. Butler, Robert F. Breiman, Barry S. Fields, and Robert C. Good, National Center for Infectious Diseases, CDC, to George Rutherford, M.D., California Department of Health Services, dated October 16, 1991, summarizing some results from the investigation of an outbreak of Legionnaires disease among employees at the Social Security Administration Western Program Service Center.
- 340-1741. Letter from Annette Haag, R.N., President, American Association of Occupational Health Nurses, Elisabeth Gresch, M.D., President, American College of Occupational and Environmental Medicine, and Harry Ettinger, President, American Industrial Hygiene Association, to Robert Reich, Secretary of Labor, dated December 1, 1993, requesting immediate steps to initiate a rulemaking to regulate workplace exposure to environmental tobacco smoke as a Class A carcinogen.
- 340-1742. Letter from Mitchell Singal, M.D., M.P.H., NIOSH, to David C. Mack, President, American Federation of Government Employees Local 1122, dated October 1991, HETA 92-012, responding to the request of October 4, 1991, for a health hazard evaluation at the Social Security Administration Western Program Service Center in Richmond, CA.
- 340-1743. Letter from Gregory A. Burr, CIH, and Yvonne Boudreau, M.D., M.S.P.H., NIOSH, to Charles W. Bowser, Director, Bureau of Buildings and Grounds, dated August 5, 1991, responding to a request for a NIOSH health hazard evaluation at the Capital Building, in Harrisburg, PA., HETA 91-271.
- 340-1744. Letter from Gregory A. Burr, C.I.H., NIOSH, to Margaret Mohr, Pennsylvania Social Services Union, dated April 23, 1990, regarding the evaluation conducted at the Bucks County Assistance Office. HETA 90-141.
- 340-1745. Letter from Larry J. Elliott and Boris Lushniak, M.D., NIOSH, to Russell DeFrahn, Ph.D., Superintendent, Cambria Heights School District, dated February 3, 1989, regarding follow-up site visit to the Patton Elementary School to evaluate two reported cases of Legionnaires disease among teachers. HETA 89-117.
